

Group Statement

Issued By: Quality Assurance and Global Supply Chain

Subject: Use of Endangered Species Statement

1. Statement of policy

BBI are committed to: -

- Compliance with the aims and objectives of The Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES).
- Procuring animal origin materials that do not contain protected species of wild fauna and flora
- Continual monitoring of our animal raw material suppliers to ensure no protected species of wild fauna and flora are used

2. Application

- BBI have reviewed our existing supply base with respect to endangered species and the guidance from The Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES)
- All new suppliers are assessed regarding the use of endangered species in their products and are not qualified until satisfactory evidence of the absence of the species listed are obtained

3. Declaration

We confirm that there is no indication any products manufactured by the BBI Group contain endangered species of fauna and flora listed in Council Regulation (EC) No. 338/97 or The Trade in Endangered Species of Wild Fauna and Flora (Council Regulation (EC) No 338/97) (Amendment) Regulations 2021.

This document has been reviewed and approved for 2021 via electronic signature by the following representatives of BBI,
